Please describe why you wish to obtain an Academic License:

Academic License Policy

- The Academic License is available only for a specific class and class term. The licenses can be used by all students in the described class.
- Printouts from the Academic Version will have a background "Watermark" stating it is an academic license.
- The licenses have an expiration date that is preset at which time the software will stop functioning completely.
- Technical assistance for Academic license is provided at no charge on a time-available basis. Support fees may be required if extensive assistance is needed and will be at the decision of ENERCALC.
- **The Academic License may NOT BE USED to produce calculations that will be used as contract documents or calculations for any structural design. It may ONLY be used to perform mathematical calculations to assist in the teaching process described above.**

Acceptance of License Terms

I hereby state that I have the authority to engage in this agreement for the educational institution described above and agree to the above license policy and all terms in the Enercalc software license.
