

License Transfer Request Form

Instructions for License Transfer of Software

Licenses may be transferred one time. To re-register a license to another individual, company or location, please forward a letter of intent with the information below. This letter must be submitted by the current registered licensee and signed by a company principal, or owner for the original license, along with a \$175 transfer fee per license.

** MSP must be current to qualify for a license transfer

<http://www.enercalc.com/Support/Maintenance>

Please note that once this license is transferred, the current user is giving up the right of use for these programs. The new licensee is responsible for verifying that this license has been removed from all computers, any use of these programs in that location is considered a breach of contract, and will void the license. This Transfer Letter is required to avoid confusion in the future and to protect the purchaser as well as Enercalc from illegal use of this license. Please include:

1. User Registration Number
2. Reason for Transfer
3. Old Licensing Information
Company, Contact, Street, City/ST/Zip, Phone, Email
4. New Licensing Information
Company, Contact, Street, City/ST/Zip, Phone, Email
5. This statement must be included in your signed request:

"I agree to the terms of the license agreement and verify that these programs have been uninstalled from the prior location listed above. Any use of these programs at this location will void this license."
